
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by McHenry Lee.

DIGEST

Long (SB 495)

Proposed law changes the name of the Ground Water Resources Commission to the Water Resources Commission.

Proposed law adds the following to the membership of the commission:

1. The executive director of the Sabine River Authority or his designee.
2. The executive director of the Public Service Commission or his designee.
3. A member appointed from a list of three names provided by the Ports Association of Louisiana.
4. A member appointed from a list of three names provided by the Louisiana River Pilots' Association.
5. A member who is a lawyer appointed from a list of names submitted by Louisiana State University Law School, Loyola University School of Law, Southern University Law School, and Tulane University School of Law.

Proposed law adds the chairmen, or their designees, of the House Committee on Natural Resources and Environment and Senate Committee on Natural Resources as ex-officio nonvoting members. Proposed law further provides that the chairmen shall not be counted in determining a quorum, but when present, shall be counted as members to establish a quorum.

Present law requires the commission to develop a statewide ground water resource management program that shall include the evaluation of current and future demands for ground water, develop a conservation program, study alternatives to ground water use, and use of alternative technologies and to hold public hearings and consult with local governmental entities in the development of such programs.

Proposed law requires the commission to evaluate the state's surface water resources including current and projected demands; inventory the state's surface water supplies; identify technical research and previously developed information on surface water; study alternatives to surface water use including treatment and transmission systems; and reclamation; investigate incentives for conservation and the use of alternative technologies, including public education and conservation programs. Further provides that the evaluation should stress fostering efficient and productive use of the total water supply of the state in a sustainable manner in the satisfaction of economic, environmental, and other social goals.

Proposed law changes the name of the Ground Water Management Advisory Task Force to the Water Management Advisory Task Force.

Present law requires the task force to develop a statewide ground water resource management program.

Proposed law requires the task force to assist the commission in its duty to evaluate the state's surface water resources including current and projected demands; inventory the state's surface water supplies; identify technical research and previously developed information on surface water; study alternatives to surface water use including treatment and transmission systems; and reclamation; investigate incentives for conservation and the use of alternative technologies, including public education and conservation programs. Further provides that the evaluation should stress fostering efficient and productive use of the total water supply of the state in a sustainable manner in the satisfaction of economic, environmental, and other social goals.

Effective August 1, 2012.

(Amends R.S. 36:359(K) and (L) and 802.18, and R.S. 38:3076(A)(24), 3087.136(4), 3087.266(A)(1), 3097.2(3), 3097.4(A), (D)(4), (5) and (6), and 3097.7; adds R.S. 38:3097.4(D)(7))

Summary of Amendments Adopted by Senate

Committee Amendments Proposed by Senate Committee on Natural Resources to the original bill

1. Provides for additional membership to the commission.
